Country Club Estates - have different lawn contractor keep Gum Hollow Road in better upkeep so when realtors bring new buyers it would look better (2)
Concerns about West Fork Creek being dirty and full of automobile tires and dead/damaged trees falling and blocking the creek. (2)
Enforce no on-street parking in Country Club Estates (2)
Basically Gum Hollow: (2)
1. Keep grass cut
2. City responsibility probably but keep curbs clear of grass and swept
3. Keep house presentable, painted, etc.... see 1 house with grass etc. growing out of gutters
